Known as the 'Art of 8 limbs' (because it makes use of 8 points of contact - kicks, punches, knees and elbows), Muay Thai is a stand up combat sport that utilises various striking, clinching, sweeps and throw techniques. Our classes are designed to incorporate students with little or no experience in martial arts and are tailored to the abilities of those who attend ...so whatever your level of fitness, you'll get a full body workout in our Kickboxing classes!

Affiliated with Boxing Aust. Ltd (the national federation for amateur boxing) the PCYC has been teaching and training amateur boxers for many years. Whether you're a beginner learning the ropes or an amateur boxer perfecting your craft, our classes are structured to boost both physical and mental components of fitness while teaching technical boxing skills in combinations, punches, footwork and defence!

Aikido (the way of harmonious spirit) is a modern, non-aggressive Japanese martial art. Utilising anticipation, blending of motion and redirection of force techniques, you'll train with both open hand and wooden weapons (bokken, jo and tanto), learn to fall safely and perform holds, pins and throws!

An Olympic sport since 1964, Judo ('Ju'='gentle' and 'do'='way') is a competitive martial art. Primarily defensive, Judo emphasizes the use of quick movement and leverage to throw an opponent. Great for people of all ages, classes start with a series of warm-up and flexibility exercises, followed by training in the art of 'Ukemi' (learning how to break one's own fall), a technique unique to Judo!
