

Our Recreational Gymnastics Program delivers fun, skills-based activities focusing on improving physical balance & co-ordination. Children gain confidence in their body movement and learn to co-operate with others, setting them up for long term participation in sport!

Gym Fun classes are '...a bit of everything!'. Children develop their balance and agility by using the bars, beam, vault and mini-tramp. They're also introduced to basic rhythmic gymnastics movements that utilise the floor space and incorporate the use of hoops, balls, rope and ribbons!

CLASSES 5+ YRS

All beginners joining Recreational Gymnastics start with GYM FUN (Beginner, Intermediate, Advanced) and then progress to GYM SKILLS (incorporating boys, girls, rhythmic, tumbling & mini-tramp classes).
